

Steel Tanks

Order Code	Usable Capacity (based on 20 mm air gap)	Dimensions				List Each
		a	b	c	d	
ST01	1 litre	100	170	120	120	\$131.00
ST02	2 litres			180		\$150.00
ST03	3 litres			220		\$161.00
ST05	5 litres	175	175	200	195	\$172.00
ST07	7 litres			290		\$222.00
ST10	10 litres			380		\$270.00
HPSA	Hand Pump Suction Adaptor – Use with ST01 & 12cc pump (No Seal Required)					\$18.00

Note:

- Tanks are 2.5 mm thick steel, welded construction and painted gloss black.
- ST01 Tanks are supplied with a Filler Breather & Suction Filter only.
When using a 12cc pump use P/N HPSA (sold separately) to connect the Suction Filter to the pump.
When using a 25cc or 45cc pump connect the Suction Filter directly to the Hand Pump.
- ST02 to ST10 Tanks are supplied with a Filler Breather, Suction Filter & Suction Hardware.
The Suction tube is cut for a 12cc pump, customer to cut shorter for 25cc & 45cc pumps.
